STATE OF THE
NORTH

L'ÉTAT DU
NORD

Common Voice Northeast/Northwest?

- Are there “too many voices”? Municipalities, Post secondary, Chamber, Unions, Industry associations, Grass roots entities.
- Too little coordination?
- Value in common voice on key issues?
- “Transforming Ontario’s North” – good? bad?
- Lessons from CVNW:
 - Need open membership, balanced board
 - Only observer status – federal, municipal, FN & Métis governments
 - How to make decisions - consensus model?
- How NPI could help – secretariat
