

Northern Policy Institute

Donor Benefits

Make a difference

Northern Policy Institute is a federally registered charity for educational purposes. We conduct practical research on issues impacting our communities. Our vision is to have a growing, sustainable, and self-sufficient Northern Ontario. As an organization seeking to be exclusively evidence driven, self-sufficiency is the single most important fiscal priority of Northern Policy Institute. Your support ensures we can continue identifying policy opportunities to support the growth of sustainable Northern Ontario communities.

All donations will be acknowledged by mail, and tax receipts will be issued for donations over \$10.00.
